NOTICE

Anyone having news items or subscriptions are requested to leave them at the P. E. News Stand, or hand them to Mr. A. H. Bartlett, whose office is in the Post Office Building. The residence district of Torrance covers such a wide territory that it is impossible to see everyone each week, but the above arrangement will entitle everyone to have their news items published. By doing so you will not only create a great service for your neighborhood but at the same time will help to build up an interest in your city.

On Tuesday of last week, Mrs. S. C. Collins entertained several ladies of the Guild of the Central church at a dinner party. The afternoon was spent in sewing for the bazaar. ENFORCE TRAFFIC LAWS

Last Saturday 100 or more secretaries of the chambers of commerce of Southern California met in San Pedro and were entertained by the San Pedro chamber of commerce and I. G. Lewis, secretary of that organization. A luncheon was served, Secretary Ballard of the Long Beach chamber of commerce adopted resolutions of sympathy for relatives of the late Congressman-Elect Van De Water, and it was also proposed that each secretary have his board of directors pass a resolution for officers in the various cities to enforce the traffic laws in his district. Automobile wrecks and careless driving and disregard for the rights of others on the highways on the part of automobile drivers is becoming a serious matter and in some respects the laws are being abused to an extent that resembles a riot. Perhaps the solution does lie within the power of the chambers of commerce.
